Binding Authority

As governed by the Broker Agreement, a broker does not have the authority to bind coverage with the Company. Acceptance of any payments or representations by the broker to the insured is not binding on Aspire General Insurance Company. Brokers are expected to maintain the original and complete signed application and all supporting documents on file in an orderly fashion in their office. Brokers may retain electronically scanned documents in lieu of hard copy, provided that they are retrievable, durable, legible, unaltered and compatible with Aspire's system.

Original applications will be bound as of the date on the application, if all of the following conditions are met:

- The down payment has been made on the date of the application.
- The application is uploaded electronically to the Company and a policy number is issued.
- The policy effective date does not proceed the date the broker received the down payment.
- The application does not include any class or risk or type of insurance not specified in the Company Underwriting Guidelines.
- The information contained within the application is, to the best of the broker's knowledge, truthful and accurate.

THE COMPANY RESERVES THE RIGHT TO MAKE FINAL UNDERWRITING DECISIONS.

THE COMPANY MAY REQUEST FROM THE BROKER AND/OR INSURED ADDITIONAL INFORMATION IN ORDER TO ACCURATELY UNDERWRITE OR CLAISSIFY THE RISK. REFUSAL OR FAILURE TO PROVIDE REQUESTED INFORMATION MAY RESULT IN THE CANCELLATION OR NONRENEWAL OF POLICY DUE TO SUBSTANTIAL INCREASE IN HAZARD (CCR 2632.19).

1. Licensed to operate a motor vehicle; and
2. Not a regular user of an insured vehicle; and
3. Not a resident of the insured’s household.

This endorsement may be applied at new business or endorsed to an existing policy. Please refer to our Policy Change section for our rules regarding changes.

Drivers

Driver Information

All members of the household age 14 and older and any regular drivers of the vehicles(s), whether licensed or not, must be listed on the application and either rated or excluded (whether they drive or not). Failure to list and either rate or exclude all members of the household age 14 and older and any regular drivers of the vehicles(s) may result in the policy being rescinded or reformed back to inception.

All registered owners of the insured vehicles must be listed on the application and either rated or excluded (whether they drive or not).

- If the registered owners are not listed as rated or excluded drivers, Aspire General Insurance Company may reform the policy and add the drivers as excluded drivers back to inception.
- There is no coverage for excluded drivers.
- If coverage is desired the insured should request the registered owners to be added as rated drivers.

Unacceptable Drivers

2. Applicant or any rated driver who does not have either a verifiable motor vehicle report or an official photo identification listing the date of birth.

* This rule does not apply if all drivers on the policy qualify as "Good Drivers", as defined in California Insurance Code 1861.025 and the vehicles insured are private passenger type, as defined in Section 660 of the California Insurance Code.

Named Insured

The Named Insured may be an individual or two persons who reside in the same household. The second Named Insured does not have to be the Named Insured's spouse. A policy with a minor (17 years old or younger) listed as the Named Insured must be signed by the minor's parent or legal guardian to be legally enforceable.

Foreign and International Driver's Licenses

Foreign and International driving experience is acceptable. Brokers are responsible for collecting a copy of an official photo identification listing the date of birth for all drivers without a verifiable driver's license. Any person who claims that he or she meets the criteria of A Good Driver Policy entirely or partially on a driver's license and driving experience acquired anywhere other than in the United States or Canada is rebuttable presumed to be qualified to purchase a Good Driver Discount policy if he or she has been licensed to drive in the United States or Canada for at least the previous 18 months and meets the criteria of subdivisions (a), (b), and (c) of under Section 1861.025 of the California Insurance Code and Section 2632.13 of the California Code of Regulations for that period.

Filing Information [SR-22]

SR filings are issued in California only. Filings can be issued only for the named insured or immediate family members rated on the policy and residing in the insured's household when we insure all vehicles in the household. Owner's coverage ("U") filings are issued on owner's policies, and operators ("T") for non-owner policies. We will issue a SR filing for a California Temporarily license.

An SR-26 will be issued upon cancellation or expiration of the policy. The filing will be reinstated when the policy reinstates or renews.

Accidents & Violations

Accidents and Violations – Chargeable Period

- In determining Violation and Accident points in accordance with the rules, use only those violations and accidents which have conviction dates in the last 36 months preceding the effective or renewal date of the policy.
- Failure to Appear (FTA) violations will be counted as violation convictions as of the date of the FTA.
- Use the violation conviction date, not the violation occurrence date, to determine if points are to be charged.

Accident Points

- Points are computed based on accidents that occurred in the most recent 36 months.
- If a chargeable accident and a violation conviction occur at the same time or a single occurrence results in more than 1 violation conviction, charge only for the accident or violation conviction with the highest point value.
- California Code of Regulations 2632.13 mandates that a driver may be considered to be principally at-fault in an accident if the driver's actions or omissions were at least 51% of the proximate cause of the accident, and in an accident not resulting in death, the total loss or damage caused by the accident exceeded \$1,000.
- Any chargeable accident will result in point charges if the accident is paid, outstanding, or the driver is deemed to be responsible.

Acceptable proof of "non-fault" includes any of the following:

- A copy of the police report or court documents that clearly indicates who the at-fault party is;
- Letter of experience from the insured's insurance carrier at the time of the loss;
- Written statement from the other party's insurance carrier accepting fault;
- Any other documentation, which proves non-fault, including a written declaration from the driver regarding the loss. This declaration will be made under penalty of perjury, and any fraudulent or material misrepresentation may result in the voiding or cancellation of the policy, and possible criminal prosecution.

Violation Points

Refer to the driving record of the named insured and each additional driver to determine the violation point charges for each driver. For this purpose, use the California Department of Motor Vehicles public record of traffic violations. Out of state convictions count the same as in state convictions. Determine Rating Points from Driving Record.

- If an accident and a violation conviction or multiple violation convictions occur at the same time, only the one that generates the highest point count will be charged.
- Multiple violation convictions occurring on the same day will be charged separately.
- Points are not combined for drivers; each driver is rated with his/ her own points.

Rating

Driver Assignment

Policy premium is determined by assigning the highest rated driver (driver who has the highest combined liability driver class and driving record point factor with consideration of the “Good Driver” discount) to the highest rated vehicle based upon vehicle year, symbol and deductible factors. Annual Mileage

The annual mileage estimate will represent the annual mileage the insured expects the vehicle to be driven for the twelve months following policy inception or renewal. As set forth in CCR section 2632.5 Aspire may also require or request information from the insured to support the estimate.

1. For new business or vehicles added during the term of the policy:
 - a. The insured shall provide the miles he or she expects each vehicle will be driven during the twelve-month period following policy inception. Aspire may also require or request the information necessary to support the mileage estimate from the insured during this process (see sections 3 and 4 below) as set forth in CCR section 2632.5 (C), (D), and (E).
 - b. If the insured does not provide the estimated annual miles or does not provide required or requested information Aspire may issue a policy using the appropriate default annual mileage figure: 13,400
 - c. If the information provided does not support the insured's estimated annual miles, Aspire may issue a policy using a reasonable objective mileage estimate based upon the information provided.
 - d. Aspire shall inform the applicant of the mileage figure which it will use to rate the policy.
2. For renewal business:
 - a. During the renewal process, Aspire shall, at least every three (3) years, request an insured to provide the estimated annual miles he or she expects each vehicle will be driven during the twelve-month period following policy renewal. Aspire may also require or request information necessary to support the mileage estimate from the insured during this process (see sections 3 and 4 below).
 - b. If the insured does not provide the estimated annual miles or does not provide required or requested information Aspire may issue a policy using the following logic:
 - i. If **Default** is less than Expiring; use Expiring
 - ii. If **Default** is greater than Expiring; increase by 1 (one) mileage rating band subject to a maximum of the **Default** mileage
 - iii. **Default** mileage = 13,400
 - c. If the information provided does not support the insured's estimated annual miles Aspire may issue a policy using a reasonable objective mileage estimate based upon the information provided.
 - d. Aspire shall inform the applicant of the mileage figure which it will use to rate the policy.
3. Aspire may require or request an insured to provide the following information:
 - a. If the vehicle is used for commute purposes, the location of the workplace, school, or other destination where the vehicle will be driven and, if applicable, an estimate of the number of one-way miles the vehicle will be driven for commute purposes
 - b. The number of days per week the vehicle will be used for commuting

- c. An estimate of the number of miles to be driven for pleasure or other purpose
 - d. The approximate total number of miles driven for the twelve months following policy inception or renewal.
 - e. The current odometer reading of the vehicle to be insured.
 - f. The reason for any differences between the estimate for the upcoming twelve-months and the miles driven the previous twelve-months.
4. Aspire may request but shall not require an insured to provide the following information:
- a. Service records which document the odometer reading of the vehicle to be insured.
 - b. The use of technological devices provided by the insurer or otherwise made available to the insured that accurately collect vehicle mileage information

Aspire may obtain and use smog check odometer readings to estimate annual miles driven.
